WHO ARE WE?

Mohau Cares is a humanitarian organisation committed to alleviating socioeconomic stresses affecting disenfranchised people across Southern Africa.

We provide basic needs and necessities such as food, clothing, shelter, and economic empowerment to those individuals, families, or communities which are struggling financially. We also provide disability aid, and education-related assistance to learners.

Our greatest vision is to create a socio-economic environment which enables people to take themselves out of poverty. To do that, people's cognitive abilities must be enhanced, through provision of good nutrition, healthcare, and quality education...especially at early childhood development.

Annual Report (Draft) |

FY2022-23

FEBRUARY 2023

"If a fellow is naked and destitute of daily food and one of you says to them, 'depart in peace, be warmed and filled', yet does not give them those things which they need, what does it profit. Therefore faith by itself, if it does not have works, is dead."

(James 2: 15-17)

Mohau Ngoepe
Founder and Chairman
Fundraising Coordinator

“Angels are not winged creatures, they are Beings like me and you who accepted the call to be Human. In our charity organisation I call them **Carers**. These are ordinary men and women who chose to leave the world better than they found it.

Mohau Cares is named after, and led by me, but I cannot not take the whole credit for its success. Much credit goes to **Carers**—the people who put in their hard-earned money, precious time, resources, and efforts into the organisation.

I owe these ladies and gentlemen so much of me. God-willing, I wish to do for them something they cannot do for themselves. My heart felt gratitude goes to everyone who made donations into our organisation. I love you wholeheartedly.

The financial year 2022-23, which ran from March '22 to February '23, started off with a very challenging disability case, which made rounds in the Newspapers. The case took 4 months to closure, and a total of 8 months to pay off its debts. It was a struggle, and without donations from these generous friends, we would not have made it.

Thank you so much, for caring.”

The Tolo Case

Mr. Tolo joyfully riding on his newly-modified electronic scooter .

Our first, and major case for the year was a one of a 58-year old gentleman named Mr. Tolo, who never had a suitable mobility device his entire life. His legs were folded, could only use one arm, had a skew posture, and is mute.

For over five decades he has been crawling on his buttocks. Some Samaritans and government hospital provided wheelchairs for him but none were usable for him given his condition.

We contracted a gentleman named Thomas Ditlhoisi to provide a custom-made mobility device which would allow Mr. Tolo to climb on and off , and move around without assistance. Ditlhoisi then modified a scooter according to our requests, and delivered it to Mr. Tolo.

Food parcels were also donated to Mr. Tolo. The total costs of the case, which include travelling, were R29 248,00.

Junior Nevhulamba Case

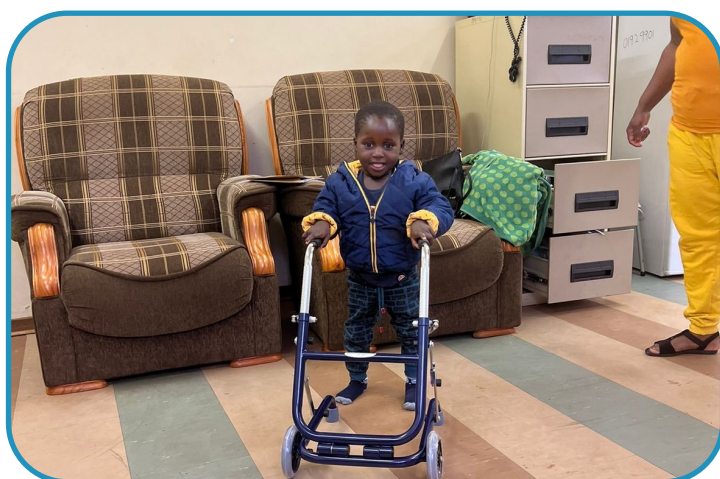

Mohau Ngoepe with Junior Nevhulamba and family, at their home in Masisi.

Towards September 2022 we received a case of a 3 year old Junior Nevhulamba from Masisi clinic, who could not walk due to delayed development. When the family came to us, they were only asking for a wheelchair for the boy. Thanks to our Carer Evah Ramashala, a physiotherapist who advised that with proper assistive therapy and device, Junior still has a chance to walk.

We secured an appointment with Occupational Therapy department in Donald Fraser hospital to have Junior evaluated, and indeed, the medical report indicated that Junior could walk if he could receive a rollator.

When we contacted a rollator manufacturer/supplier to obtain a quotation for a child rollator, the supplier chose to give it to us for free. The gentleman's name is Goolam Chiktay. God!! Caring people still exist.

Three months of rollator training, Junior can indeed walk, and the family is very grateful for the help we have provided.

Education/Tuition Assistance Cases

Mohau Ngoepe with learners at Sekgweng Combined School

Mohau Cares is not yet ready to cover full tuition fees for learners. However, we were able to provide tertiary registration fees, school transport fees, stationery, and month's student accommodation, to a total of 4 learners during our 2022-23 financial year, and we hope to help more students in the coming years.

We have also donated R2500 towards hostel food for learners at Sekgweng Combined School, in Rooibokraal farms.

Poverty Alleviation Cases & CUPs

We had Poverty Alleviation Programme (PAP) cases and **Community Upliftment Programmes (CUPs)**. Unfortunately, we do not disclose the PAP beneficiary names, nor display pictures thereof. This is to protect the dignity of the beneficiaries. (Such details can only be provided to interest donors/Carers privately upon request.)

After receiving a huge donation of clothing items from Studio88, we attempted to sell the items to raise money for our PAPs. The sale was not fully successful. We then opted to give away items to a spiritual community in Zuurbekom as part of our **CUP** initiative.

In summary; we provided the following through our Poverty Alleviation programme during the 2022-23 financial year;

- ◆ Grocery vouchers to 2 beneficiaries
- ◆ Physical grocery to 3 beneficiaries (one being a victim of drug abuse)
- ◆ Used clothes to 1 beneficiary
- ◆ Grocery money to 1 beneficiary
- ◆ Food parcels to a spiritual community (18 members per month, for 5 months)

Family Services

Through a Special Purpose Entity (SPE), The Ethicist Enterprise (Pty) Ltd, Mohau Cares forged working relationships with psychosocial counsellors and coaches to provide family social services such as marriage counselling, mediation, and other therapeutic services to families and couples who need such services.

Due to the nature of the work, family services clients cannot be disclosed.

Marital workshops and camps are in the pipelines for the next financial year, subject to availability of resources.
